

A message from Mrs Taylor

Year 6 have had a fantastic time on their residential visit this week, with many children experiencing activities such as skiing, kayaking and climbing for the very first time. They have shown great resilience and independence, making significant gains in their personal development. We are particularly proud that the instructors praised Liphook Junior pupils for their impeccable behaviour throughout the trip.

On Thursday, Years 4 and 5 enjoyed a wonderful performance of *Alice in Wonderland*. The acting company commented that it was "a breath of fresh air to see children respond so positively to the production," and again praised the children for their excellent behaviour.

Next week, Years 2 and 3 will be leading our Harvest Service. It has been lovely to hear them practising their harvest songs in preparation. The service will take place on Tuesday at 10am at St Mary's church Bramshott, we look forward to seeing you there. Families are welcome to arrive from 9:30am. On Tuesday, we will be collecting donations of non-perishable food for Liphook Foodbank. If you are able to make a donation, the foodbank would be incredibly grateful.

I hope you have a lovely weekend

The webinar will share what behaviours parents should model from an early age to ensure their children develop safe behaviours throughout their early years, and these behaviours continue into their teenage and adult years. The session will be held on **Monday 16 November from 12:00 - 12:25**. The parent(s)/carer(s) can register via [Modelling good behaviour - parent/carers webinar – Fill in form](#)

Flu Vaccination Programme

All parents have now been sent an email with a link to the online consent form for your child's flu vaccination. These will take place on **Monday 9th November** –

Please can parents ensure they have responded to the form by **Thursday 5th November** at the latest.

Please see below for more information about the School Age Immunisation Service.

Annual Flu Vaccination Programme

All children are eligible to receive the flu vaccine. Parents and carers are sent a link to the online consent form between September and November, ahead of the school vaccination session.

The vaccine is usually given as a nasal spray. For children who cannot have the nasal spray due to medical or religious reasons, a porcine-free injectable vaccine is available. Details about how to request this are included on the electronic consent form.

Why should I get my child vaccinated? Flu is a highly infectious illness that children can catch and spread easily. For many children, flu can be very unpleasant and may lead to complications such as ear infections, bronchitis, or pneumonia. In some cases, it can result in serious illness requiring hospital treatment.

Vaccinating your child not only helps protect them from flu but also reduces the spread of the virus to others who may be more vulnerable to serious illness, including babies, pregnant women, older adults, and those with long-term health conditions.

What if my child misses their school vaccination session? If you provide consent for your child to receive the flu vaccine and they are absent on the day of the school session, you will automatically receive an email inviting you to book an appointment at a local community clinic, ensuring your child still has the opportunity to be vaccinated.

It's not too late to complete the consent form. Even if your child's school vaccination session has already taken place, submitting a form now will allow you to book an appointment at a local community clinic.
